SILVER BAY NURSERIES

DAPHNE, ALABAMA

"On Mobile Bay"

RETAIL PRICE LIST

Silver Bay Nurseries stock is all grown in the open—some in the semi-shade of trees—some in the full sun, just under such conditions as the plants would have in your own yard. We use no chemical fertilizers. The plants are not forced in any way. All plants are given plenty of room for proper root and top development. All stock has been sprayed, and of course, inspected, and certified to be free from disease.

The plants listed are hardy and healthy and should go right on growing in your yards, with the minimum of attention.

Good Camellias are scarce. We have some of the varieties listed in very limited numbers. We advise you to place your order now, to get your choice of varieties.

All evergreen plants, even smaller sizes, are balled and burlapped unless otherwise specified.

It will be a privilege to serve you and if we are favored with your order it will have our special, personal attention.

Thanking you,

Silver Bay Nurseries,
Daphne, Alabama.

The kiss of the sun for pardon,
The song of the birds for mirth,
One is nearer God's heart in a garden.
Than anywhere else on earth.

CULTURAL NOTES ON AZALEAS, CAMELLIAS AND OTHER SHRUBS AND TREES

The planting and care of all plants listed—for practical purposes—is identical.

Any good garden soil, slightly acid, with plenty of rotted leaves and leaf mold from hardwood trees, such as oak, bays, gums, etc., worked in—is satisfactory. The soil must be well drained. Azaleas or Camellias in fact, very few plants will tolerate standing water or water saturated soil.

The actual planting is important. Never plant any deeper than previous planting—even an inch or two too deep—will produce a sickly plant. It is advisable to plant Azaleas and Camellias slightly higher than previous planting, bringing the surrounding soil up to the balls. This allows for gradual sinking in soft soil.

Fertilizer—Silver Bay Nurseries do not recommend heavy fertilizer. If plenty of leaf mold is used in the soil and as a mulch—very little extra fertilizer is needed. Cottonseed meal, tung nut meal, or well rotted barnyard material are excellent and organic fertilizers. Too much fertilizer produces too much top growth and such plants do not bud or bloom well. Also too much fertilizer can easily injure tender root systems.

Two applications of fertilizers a year is generally practiced—the first soon after blooming, in early spring—the second from middle to last of June.

Spraying—Volck used at the rate of one part to 50 parts of water, adding one to two teaspoons of Black Leaf 40 to every gallon of water, is effective against all scale and most insect pests. Spray should never be used in late Fall as a freeze causes great damage if it hits soon after spraying.

Caution: Never use any oil spray during hot weather, as it will cause serious damage.

Watering—Both Camellias and Azaleas love a humid atmosphere. Use plenty of water, especially during the hot dry spells. Keep all newly transplanted stock well watered. Soak thoroughly when planting, and do not allow to dry out.

Mulching—A good mulch—three to four inches—of leaves or pine straw is beneficial. In the winter bring mulch well up on and between the stems of the plant; damage from freeze often occurs at the base of a plant.

Each year more and more people are giving living, growing plants as gifts for all occasions.

A Gift that will not be used up.

But a gift that will become more beautiful and more valuable year after year.

A Gift that won't wear out.

What finer gift than a living, growing plant
For Birthdays—For Christmas,
For Mother's Day—For Anniversaries,
For Weddings — For any occasion.

Year after year this gift will be a reminder of your thoughtfulness.

Silver Bay Nurseries make a specialty of selecting and sending fine plants for gifts with special card and wrapping. Write us your requirements.

CONDITIONS OF SALES AND TERMS

Cash with order.

Guaranty—All stock sold subject to crop losses or through unavoidable causes. We are careful to keep our varieties true to name and will replace on proper proof any stocks that may prove otherwise. No claims will be considered unless made within ten days after receipt of goods.

We do not guarantee plants to live, as this depends on conditions beyond our control.

Shipping—We request customers to give definite shipping instructions. All shipments to travel at the risk and expense of the customer. All evergreen plants are balled and burlapped unless otherwise specified. Please add 10% packing charge for such stock. Minimum crating charge \$1.00. We do not charge for packing on smaller plants and deciduous shrubs or trees.

Location—Silver Bay Nurseries are located on the Eastern Shore of Mobile Bay 2½ miles North of Daphne, Alabama.

These prices cancel all previous prices.

—NOTE—

Order early—some plants listed in this advanced price list—will not be listed in our Fall Catalogue.

STANDARD CAMELLIAS

Your selection—Any Six \$1.00 plants ----- \$5.00

Any Five \$2.00 plants ----- \$9.00

Waterloo—White-semi double. 6-8 in. \$1.25—8-12 in. \$1.50—12-18 in. \$4.50.

White Empress—Large, semi-double. 24-30 in. \$9.00.

White Queen—Large, semi-double. 6-8 in. \$2.00.

RARE CAMELLIA GRAFTS

Many of the varieties of rare Camellias are slow, delicate growers on their own roots. By grafting these varieties to the root of a hardy, fast growing variety, we procure a fine, hardy, faster growing rare Camellia. The blooms of a graft are often larger and finer than those of the same variety on its own root. The grafts generally bud and bloom the second year—but a few varieties seldom bloom until the third year.

We highly recommend our grafted Camellias—all are strong, sturdy plants in fine condition.

SPECIALS — VERY RARE

Dr. Tinsley—Very much in demand and scarce, large semi-double, similar in form to the favorite Empress, but of a lovely blush color.

High Hat—Blush pink sport of Diakagura, Large loose peony form.

Shiro-Diakagura—Large, loose peony, buds open, blush pink turning to pure white.

Prices on above varieties: 1 yr. gr. 12-18 in. \$10.00
1 yr. gr. 18-24 in. \$12.50.

SPECIAL GROUP 1

Bessie Morse Bellingrath — White with faint blush-semi-double.

Crepe Rosette—Semi-double-deep pink-veined red-marbled white.

Capt. Martins Favorite—Large, double-pink, with white var.

Florence Stratton—Large, full peony form, rich, dark red.

Flame—Bright red-semi-double.

Fragrant striped — White striped pink-loose peony—said to have a slight fragrance.

Imura—White-semi double-resembling an Easter Lily.

Imperator (French)—Very large, full peony form, dark red.

K. Sawada—Patented variety—white—full double

Kenny—Deep rose pink-washed white-peony type.

Luries Favorite—Soft lavender pink-semi double.

Letitia Schrader—Dark red-peony type.

Lila Rosa—Clear pink-peony type.

Liberty Bell—White-loose peony type.

Mrs. Freeman Weiss—Soft pink-loose peony type.

Mrs. Baldwin Wood—Very large, loose peony form, white with pink stripes.

18-24 in. to 30-36 in. 3 and 4 yr. grafts \$17.50

CAMELLIA SASANQUE

Jewels From The Orient

These handsome flowering plants, one of the finest of the evergreens, are just now becoming popular and well known. Same family as the Camellia Japonica, but for the most part, much faster growing and much hardier. They can be grown successfully much farther North than the Camellia Japonica. They are profuse bloomers, coming into bloom the last part of September, continuing on through the Fall into early winter; blooming at a time when very few flowers are in bloom. Flowers are in several colors, about the size of the Camellia Japonicas—ranging from single to semi-double and full double—many of the single varieties are exquisite in their fragile beauty. They make a real showing and will be a real pleasure as specimen plants—in foundation plantings or in the shrubbery beds.

CAMELLIA SASANQUA

Your Selection:

Any six \$1.00 plants ----- \$5.00

Any five \$2.00 plants ----- \$9.00

AZALEAS

100,000 AZALEAS IN STOCK

One of the finest collections of Azaleas in the South.

INDICA AZALEAS

The most popular group of all the Azaleas. Fast growers with masses of large flowers. Evergreen and hardy in the Southern States. Silver Bay Nurseries specialize in Azaleas for landscaping uses. All Silver Bay Nurseries Azaleas — even the smallest sizes are grown in the open—in just ordinary soil conditions. They are not forced in anyway. This insures the purchaser a healthy, hardened plant, that should go right on growing with the minimum of attention. We offer the following fine varieties in special price groups.

Brilliant—Bright red.

Coccinea-Major—Bright, bright red.

Criterion—Pink, with white margin on petals (60c size, only).

Duc De Rohan—Soft salmon pink.

Daphne Red—Soft dark red.

Dorking—Dark rose red.

Early Lavender—Lavender, sometimes white variegations.

Elegans—Early pink.

Formosa—Lavender.

Fielders White.

Geo. Taber—Lavender Pink-darker variegations at the throat.

Gulf Pride—Early light lavender.

Glory of Sunninghill—Orange red flowers.

Indica Alaba—White.

Iveryana—White with red variegations.

Judd—Very rare, double, flame red.

Lawsal—Soft salmon pink.

Lady Edith—Soft salmon pink-white variegations.

Martha Louise—Orange pink.

Madam Dominique—Very rare, pink with white variegation.

Maxwell White—Large, white with longish petals. (60 cent size only.)

Prince of Orange—Bright orange.

Pride of Mobile—Watermelon pink.

Phoenicia—Darkest lavender.

Pres. Clay—Orange red.

Tilney Red—Brick red

Violacea Rubra—Very rare, beautiful, rich purple with wavy petals.

Vittati Fortunei — White with purple variegations-blooms Fall and Spring.

Wm. Bull—Double-Orange red.

\$3.00 each, 2 ----- \$5.50

KURUME AZALEAS

The popularity of these beautiful, profuse blooming plants is increasing rapidly as they become better known. Used singly or in groups with other plants, or as borders, etc., they give most pleasing landscape effects. They offer a wider range of color than any other variety of Azaleas. They are surprisingly hardy-will grow farther North than the Indicas. Also are becoming popular as Pot Plants. We offer the following varieties in several price groups.

Apple Blossom—Light pink-large double flowers. \$1.50 and \$1.00 size.

Cattleya—Delicate lilac-tinted on flesh pink-small size only.

Christmas Cheer—Bright crimson-double.

Coral Bells—Bright pink-double.

Carmine Prince—Carmine red—double. Small size only.

Double Mauve — Delicate lavender with white shadings-double.

Delicatissima — Very dainty-white edged with lavender.

Hiawatha—Fine red-double. \$1.00 size only.

Hardy Firefly—Firey red.

Hortensia—Soft light pink-double.

Hinodigiri—Bright red-very hardy.

Pink Pearl—Light pink, double.

Salmon Beauty—Soft salmon pink-double.

Snow—Pure White-double.

Yaye Girl—Double, flame red.

Heavily budded specimens—Size averaging 12-15 in. spread

\$1.50 each, 6 ----- \$8.00

Heavily Budded Specimens—Size averaging 8-12 in. spread.

\$1.00 each, 6 ----- \$5.00

Smaller size plants, but bushy and hardy-will bloom this year. Sizes averaging 6-8 in. spread.

60 cents each, 10 ----- \$5.00

Vivid—Large-double-deep red flowers-small shiny dark green leaves-blooms twice a year-Fall and Spring-very hardy—A new and rare dwarf Azalea.

Orange Bells—Double-bright orange flowers-fine dark green foliage-very hardy and a profuse bloomer.

Price of above two varieties:

8-12 in. spread \$1.25 each, 6 ----- \$6.50

4-6 in. spread 60 cents each, 10, \$5.50

KURUME SPECIAL

A true dwarf plant-never reaching more than 24 in. in height. The lovely little **Kintaiyo**—large double, white flowers, each petal edged with bright orange. Light foliage, unusual and attractive. 4-6 in. 75 cents each—2 \$1.40—6-10 in. spread \$1.00 each—2 \$1.75.

CORAL BELLS SPECIAL

The most popular of all the Kurumes-dainty Bell shaped-bright pink-double flowers-small, shiny, dark green leaves-profuse bloomer and very hardy-will withstand severe weather conditions. Real specimen plants-compact and bushy. A real \$2.50-\$3.00 value. Size averaging 15-18 in. high and 18-20 in. spread.

\$2.00 each, 6 ----- \$10.50

RARE KURUME AZALEAS

A new group of Kurumes-Same habits of growth, just as hardy, but very new, very rare and very beautiful. We listed these two years ago and sold out so completely, that, just now, we again have a very limited number to offer.

Fuji-No-Asahi—Double, pure white with faint salmon pink flushed on tips of petals, leaves large and very dark green.

Hime-Kagami—Double, pure white with pink stripes.

Kumoi—Double, crinkled petals, light crimson.

Mizu-No-Yamabuki—Small creamy white flowers, habits of growth and foliage very similar to Xmas Cheer.

Yukumo—Double, maroon-red with roundish petals.

We offer these plants in the following sizes and prices. 6-8 in. spread 75 cents each, 2 \$1.40.—One of each 5 \$3.25.

PERICAT AZALEAS

Another group of fine new Azaleas. The foliage resembles the Kurumes, but the plant itself is a faster and larger grower, in size between the Indica and the Kurumes. Profuse bloomers—the flowers are exquisite, large-full double or Hose in Hose. We offer the following varieties:

Madam Pericat—Large double flower—a most pleasing shade of light pink.

6-8 in. spread—60 cents each, 10 ----- \$5.50

10-12 in. spread \$1.00 each, 6 ----- \$5.50

15-18 in. spread-real Spec. \$2.00 ea., 2 \$3.50

Gardenia Supreme—Snow white with faint pink at throat—this variety is said to have a slight fragrance.

Sweetheart Supreme—Blush pink flowers-double like sweetheart rose. Unusual and beautiful.

6-8 in. spread—60 cents each, 10 ---- \$5.50

10-12 in. spread \$1.00 each, 6 ----- \$5.50

12-18 in. spread—\$2.00 each, 2 ----- \$3.50

MACRANTHA HYBRID AZALEAS

We offer this year a limited number of these beautiful Azaleas. This group blooms later than the Indicas. Usually from April to June. The flowers are

very large, some Hose-in-Hose—some full double They offer a wide range of color. The plants grow compact and bushy, with small, glossy dark green leaves—they make a fine landscape plant whether in bloom or not. The Macranthas are considered much harder than any other Azalea varieties—will grow and do well farther North. Everyone loving plants and flowers should add these Macranthas to their plantings.

We offer the following lovely varieties in the following sizes and prices:

Beni-Kiren—Double-brilliant red.

Fuji-Nishiki—Very large-wavy petals-white-lavender stripes.

Izayoi—Single, large flowers-3 in. across-flesh pink.

Sakuragata—Rose flower, with large patch of white at throat, very showy.

Wakaebisu — Large flower-double-bright salmon pink.

Wakaematsu—Large-double-delicate lavender.

8-12 in. spread—\$1.10 each, 6 \$6.00

6-8 in. spread—60 cents each, 10, \$5.00

MACRANTHA AZALEAS

Double Macrantha—Better known favorite, full double, bright rose flowers, blooming at intervals all Spring and Summer.

Pink Macrantha—Flowers single, watermelon pink, very showy.

Red Macrantha—Flame red flowers.

Prices of above

15-20 in. spread \$1.25 each—One each, 3, \$3.50

SPECIAL

The charming **Sei-Dai-hybrid Macrantha**. Large white flower—each petal edged with bright rose. One of the most beautiful Azaleas we have even seen.

Sho Qua—as far as we know this is the first time this beautiful, new Azalea has ever been listed in any catalogue. Very similar to **Sei-Dai**, except the white flowers are variegated with a lovely shade of Salmon. This variegation varies on the same bush from almost solid white to almost solid Salmon, a more vigorous and faster grower than most of the Macranthas.

Prices for the above two varieties

4-8 in. spread, 75 cents each, 2 \$1.40

7-12 in. spread, \$1.25 each, 2 \$2.25

SPECIALS
